

G3 ConnectedBusinessCloud™ Subscription based hosting solution for SAP Business All-in-One

G3 Global & Attenda in Partnership

The need for an integrated on demand approach to business applications

The G3 ConnectedBusinessCloud™ solution delivers a portfolio of integrated SAP Business All-in-One and Business Intelligence solutions, fully managed, that are designed to drive massive cost savings for the mid-market by delivering a portfolio of pre-configured, fully integrated 'Best Practice' SAP ERP, CRM and BI solutions.

Powered by Attenda's Cloud computing platform, Attenda RTI, it provides the capability to rapidly scale computing resources up or down, according to business demand, to deliver unprecedented business agility and to implement cost effective disaster recovery solutions.

Focusing on business innovation

The G3 ConnectedBusinessCloud platform facilitates business innovation through process efficiencies.

The baseline solution contains the suite of business processes that are core to most businesses, with more unique or industry specific processes being delivered as part of a 'value added' business process suite. From financial accounting, management accounting, sales enquiry to cash reporting, purchase requisition through to payment, employee services and business performance analysis, the solution defines your routine business processes.

All delivered processes are fully integrated, allowing real time visibility of the impact of all business activities. At the same time, the solution provides an open platform for integration with other systems and stakeholders across the ever broadening organisational landscape.

- Supporting business growth & innovation
- Building enterprise Best Practice processes
- Securing affordable & predictable pricing
- Delivering rapid reduction in TCO
- Accelerating implementation timeframe

Monthly Subscription Fee

Realising a rapid return on investment

The G3 ConnectedBusinessCloud solution for SAP Business All-in-One, fully managed by Attenda, includes all licences, hosting, support and upgrades. The solution enables the rapid implementation of SAP, within a 4-8 week timeframe, ensuring that our clients can derive almost immediate cost benefit from the business efficiencies that it delivers.

Our pricing for the G3 ConnectedBusinessCloud comprises an upfront basic project fee plus a per user monthly subscription fee that reflects the scope of functionality required by the business. There are none of the hidden costs typically associated with enterprise software implementation.

Mid-market businesses can gain a highly available, functionally rich, robust, fully managed SAP solution, with all of the benefits enjoyed by larger enterprises, delivered within an accelerated timeframe, at an affordable subscription based price point, with no additional burden placed on internal IT resources.

"We have decided to base all of our own mission critical ERP and CRM business processes on G3 ConnectedBusinessCloud, reinforcing confidence in our affordable pre-configured SAP solutions for the SME market."

Chris Gunter, CEO, G3 Global.

Why the G3 Global & Attenda Partnership?
